

Company Overview

ACT Dynamics Software Services is a full service Microsoft® Certified Partner that is comprised of leading computer engineers dedicated to providing effective solutions for our clients' needs. Founded by Microsoft® Certified Technology Specialist (MCTS) -Abhijit Rajderkar, ACT Dynamics provides implementation and support for Microsoft Dynamics NAV.

ACT Dynamics's services include (But not limited):

- New software implementation of Dynamics® NAV (Navision).
- Data conversion from older ERP products.
- Implementation of add-ons for Dynamics NAV – PCI Compliance credit card processing, E-Ship for integrated shipping with FedEx, UPS and USPS, mobile delivery interface for sales order, E Commerce website integration, and many more.
- Upgrade from older version of Dynamics NAV (or Navision) to latest Dynamics NAV 2015.
- Training for all modules of Dynamics NAV. Day-to-day user support to customers.

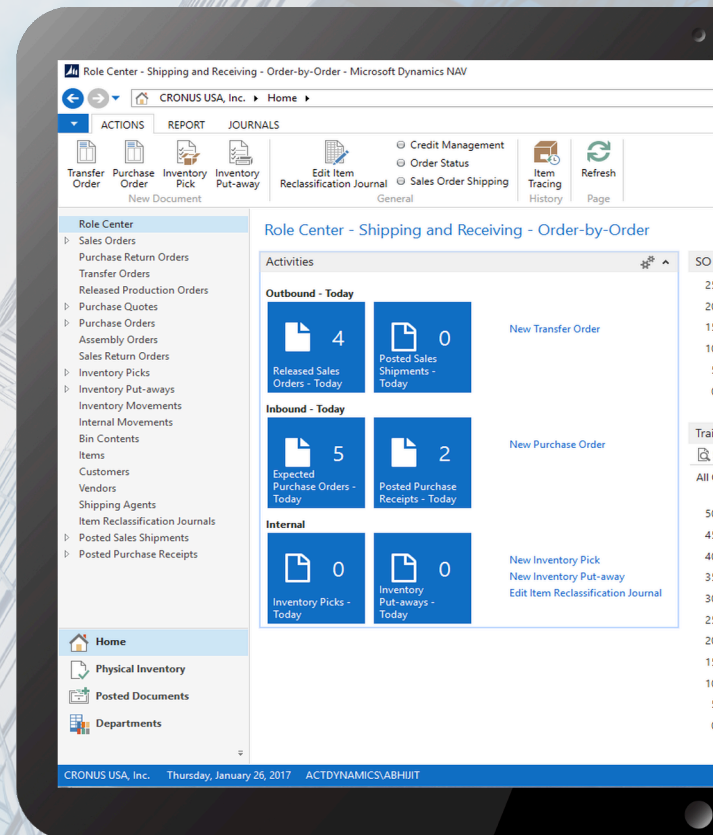

Microsoft Dynamics NAV

Microsoft Dynamics NAV 2015 is quick to implement, simple-to-use business solution from Microsoft with the power to support your business ambitions.

Streamline and connect your entire business:

- Deploy in the cloud or on your servers—the choice is yours.
- Help to increase productivity and to simplify your business by connecting key functions within your organization.
- Manage your multi-location or multi-national growing business with global ERP features.
- With Microsoft Dynamics NAV and Office 365, share the big picture across your organization by bringing your email, calendar, and files together with your data, reports, and business management software.

Today, more than 100,000 customers are using Microsoft Dynamics NAV in 42 country versions to drive business success and stay ahead of competition.
